# P&N Review: Rock Me Mama

Any other Beastie Boys fans out there? Go ahead and admit it! I was reminded of just how much I like the Beastie Boys when my son was a newborn and "No Sleep 'Till Brooklyn" became my theme song. And since my son's name is Brice, he is affectionately referred to as Brice Monkey, as in "Brass Monkey", of course. But I'm going to quit talking about what a dork I am and get to the point...

**Rock Me Mama** is a line of really hot maternity tees – obviously they have a Beastie Boys tee but there's definitely something for every rockin' mom – Aerosmith, The Rolling Stones, David Bowie, Blondie, Nirvana and AC/DC, to name just a few more. The tees are available at [unbuttonedmaternity.com](http://unbuttonedmaternity.com) and are \$40 - \$55. Rock Me

Mama is Unbuttoned Maternity's exclusive line but they also carry tons of other great stuff, so be sure to cruise around their site for some awesome clothes and great deals.

Happy shopping!

# Celebrity Baby Gear

Ever wish that you could live like a celebrity? Or that your kids could have some of the luxuries of celebrity babies (you know, without the paparazzi following them around like maniacs?) We've rounded up some favorites of Hollywood moms that we think are pretty awesome too – and surprisingly, some of them are downright affordable.

The always stylish **Gwen Stefani** covers son Kingston with a **Petunia Pickle Bottom Baby Blanket in Sunset Dragon Roll**. You can pick one up at Due Maternity for \$66 - and they are so incredibly soft that they're well

worth the money. ([duematernity.com](http://duematernity.com))

**Jennifer Garner's** daughter Violet is frequently pictured out in **Robeez**, soft-soled shoes that are perfect for babies and new walkers. **Julia Roberts** is a fan as well. The only bad thing about placing a Robeez order is trying to decide which pair you want, because they're all so darn cute! Luckily at \$26 a pair (for most styles), you can afford more than one. ([robeez.com](http://robeez.com))

Celebrity moms love to pamper their babies with **Little Twig**. **Gwyneth Paltrow**, **Courtney Cox** and **Debra Messing** all love this all-natural line of bath and body products, from the soothing diaper cream to the scrumptious bubble bath. (\$13 - \$21, [littletwig.com](http://littletwig.com))

Does anyone else find it unfair how insanely gorgeous every single member of the **Jolie-Pitt** family is? Oh well, if I can't look like Angelina (and wake up to Brad every day), I might as well steal her bag. She's been seen out with **The Emily Sak by Storksak** in black, available at Unbuttoned Maternity for \$186. ([unbuttonedmaternity.com](http://unbuttonedmaternity.com))

The **Orbit Infant System** is a hit with celebrities right now, with parents like **Heidi Klum** and **Maggie Gyllenhaal** behind the handle of this chic stroller. It may be a bit of a stretch for us normal folks - \$899 for the stroller, car seat and base – but it's truly an awesome stroller. ([orbitbaby.com](http://orbitbaby.com))

# Well, it's almost sweater weather

Something about September makes me yearn for snugly sweaters, even though the weather here in Atlanta hasn't dipped below 80 yet. And I've fallen head over heels for this chocolatey **Noppies sweater coat** from **Unbuttoned Maternity**. It's long enough to skim away your thighs and makes everything you wear look totally pulled together.
